Bernd Henningsen/Sven Jochem (eds.) (2026): The Political Systems of Northern Europe. Baden-Baden: Nomos.

This book contains numerous references to information that is freely available online. Below, we list various sources of information whose accuracy and reliability cannot be guaranteed or influenced by us or the publisher. Nevertheless, they provide a good introduction to the politics, economy, society and culture of the countries and regions of Northern Europe. The information is accompanied by a note indicating the languages in which the sources are available (German, English, French, Nordic languages).
